OIDF Membership Value Proposition

- Influence the direction of internet identity standards and technologies
- Access to internet identity thought leaders
- Impact to emerging key technical standards, resulting in faster development of new products and markets
- Partnership with industry leaders in key technical and marketing initiatives
- Guide interoperability research, testing and pilots
- Influence the direction and focus of the organization
- Direct a portion of the contribution to one's area (for non-North American Entities)

Today's Program

- OpenID Connect
- Account Chooser
- Backplane Protocol
- The case study on Rakuten's Use of OpenID and the plans going forward

The logo consists of a grey 'O' shape on the left, a vertical orange bar in the middle, and a grey arrow pointing to the right from the top of the orange bar.
